25X1

1. [REDACTED] General Cushman reported a call from Senator Barry Goldwater (R., Ariz.) who expressed considerable concern over a study prepared by the Members of Congress for Peace Through Law committee calling for a joint congressional committee on intelligence. The Senator offered to provide us a copy and invited our comments.

25X1

2. [REDACTED] Discussed with Joe Wolf, in the office of the Bureau of Politico-Military Affairs, Department of State, the problem of trying to prevail on the Symington Subcommittee not to publish references in their transcript to [REDACTED]

25X1A

[REDACTED] Wolf is not sure whether it would be better for the Agency to weigh in now or wait until we can find out what the Committee's final decision is and then, if it is adverse, try to persuade the Senator to reverse it. I said I would try to get a reading on the situation from Walter Pincus of the Committee staff.

25X1

3. [REDACTED] On the Director's instruction called Ralph Preston, Staff Assistant, House Appropriations Committee, suggesting that he call Chairman Mahon's attention to a public statement by Representative Celler. Celler, who is Chairman of the Special Subcommittee investigating impeachment charges against Justice Douglas, had issued a statement accusing the Agency of refusal to cooperate in the investigation.

25X1A

4. [REDACTED] Bill Woodruff, Counsel, Senate Appropriations Committee, called for a member of the full Committee to check on whether a [REDACTED] had ever had a prior relationship of significant influence with the Agency. Office of Personnel and Office of Security were advised. I gave Woodruff the information Office of Personnel was able to supply and offered to pull our files from Records Center if time would permit, but Bill concluded that in view of the information I had given him and the limited identifying information he had, he would go back to the Senator and tell him that the people whom he had contacted had no recollection of a [REDACTED] having a responsible position with the Agency.

14. [REDACTED] Met briefly with Mr. J. G. Sourwine, Chief Counsel, Senate Subcommittee on Internal Security, who told me that he had passed the information concerning the availability of [REDACTED] to the Chairman for his determination.

15. [REDACTED] In response to his request delivered to Mike Lennon, Assistant to Representative Donald M. Fraser (D., Minn.), a copy of the Truman statement of December 1963 relating to the purpose and operation of the Central Intelligence Agency. Mr. Lennon indicated that the Legislative Reference Service of the Library of Congress had not been able to identify the statement. While in the office I met with Dale MacIver, Administrative Assistant to Representative Fraser, and learned from him that Representative Fraser plans to introduce late in the week a concurrent resolution to establish a Joint Committee on Intelligence. This measure is intended to implement the findings and recommendations of the Members of Congress for Peace Through Law for a joint committee to oversee the intelligence community. Their office has apparently been working closely with Senator Mark Hatfield (R., Oreg.) on this matter. I also received from Mr. MacIver a draft copy of the proposed resolution.
